OVERVIEW

BECOME AN IPF SPONSOR

Demonstrate your leadership in the ocean renewables industry by enhancing your presence with an IPF sponsorship. Sponsorship grants you access to a global audience - the Network markets your business to more than four million people through contacts, industry networks, social media, email, and traditional press.

IPF IS PRODUCED BY THE OCEANTIC NETWORK.

The Oceanic Network is a nonprofit, member-based organization whose driving purpose is to inform, coordinate and mobilize human ingenuity, enterprise, and labor to take advantage of the urgent need to tap the vast renewable energy resources that lie offshore in the world's oceans.

The collective, coordinated efforts of our members equip communities and nations to accelerate the transition to renewable energy and create economic opportunities.

We partner with private industry and government agencies to build a resilient supply chain that will create and sustain jobs, benefit local economies, and ensure cost-effective marine renewable energy. We advance our mission by connecting developers, policymakers, academics, and community/ workforce leaders in the ocean economy through events, education, digital tools, and policy initiatives to grow the vital ocean renewables sector.
